

BROAD RIPPLE MIDDLE SCHOOL ROCKET PARTNERS PROGRAM

Dear Friend of Broad Ripple Middle School,

We would like to request your sponsorship and support of the Broad Ripple Middle School (BRMS). Last year BRMS launched as a hub of innovative education, offering the International Baccalaureate (IB) Middle Years Program. Our school's vision is to foster a student-centered approach with international perspectives, providing opportunities for action and service. With a focus on learning how to learn, we aim to cultivate flexible thinking that prepares students to evaluate information critically and adapt to complex, unfamiliar situations.

BRMS Parents Teachers and Students Association (PTSA) has built resources to support our school. In its inaugural year, the PTSA provided 23 staff grants, hosted 3 school wide events, and provided snacks and beverages to staff 30 times as part of "Rocket Fuel Fridays." This year, we want to keep up the momentum as we provide for a population of students and families from neighborhoods across the north and east sides of our city with many different lived experiences. BRMS currently serves a student body who are:

With the school's rich history in the Broad Ripple community dating back to 1886, we hope alumni, local Broad Ripple businesses and neighbors will continue to support this diverse public school by joining us in our commitment to make Broad Ripple IB Middle School a thriving school for our community. You can do so by being part of our Rocket Partners Program. With the Rebuilding Stronger Capital Referendum funding allocated towards BRMS, much work is already in process on improving the facilities. Our PTSA's focus is providing additional funds to support our staff and students. Funds raised through this 2025-2026 sponsorship program can be used in the following ways:

- **STAFF APPRECIATION:** As an International Baccalaureate World School, it's our mission to promote intercultural understanding and respect. Our staff are the leaders in implementing this mission, and we want to show them we support them throughout the year by providing meals on professional development days or when there are evening events. **IMPACT: \$10,000 provides ten all staff meals throughout the year.**
- **GRANTS FOR STAFF:** Teachers are always seeking ways to enrich their students' learning experiences. After school athletics give children the opportunity to learn cooperation and competition. These grants help ensure BRMS students receive the best experiences possible both in and out of the classroom. **IMPACT: \$10,000 creates the opportunity for 50 teachers/coaches to receive a \$200 grant.**
- **STUDENTS' CLUB SCHOLARSHIPS:** Afterschool clubs provide opportunities for students to expand their learnings beyond the classroom. BRMS wants to offer clubs like: Stem Club, Robotics, Math Hoops, Speech and Debate Team, Gender & Sexualities Alliances, School Newspaper, Student Council, Student Ambassadors, and Yearbook. However, it takes funds to make these clubs possible. **IMPACT: \$8,000 allows club scholarships for 10% of the school's population who may not have the opportunity to participate in these extracurricular activities without this extra funding.**

As you can see, Rocket Partner Program funds will have a significant impact on our school by making sure the school has the resources it needs now and in the years to come. Thank you for considering this request. Please see the attached Sponsorship Packet and return the Commitment form by November 1 in order to be included in all marketing opportunities for the 2025-2026 school year. Please contact the PTSA at BroadRippleMiddleSchoolPTSA@gmail.com with any questions..

Many thanks,

Kelly Eident

Broad Ripple Middle School PTSA Fundraising Chair

ROCKET LEVEL: \$5,000

- Logo on banner outside the school
- Opportunity to provide a swag with company logo to all BRMS students and staff
